Liberating Leaders

A close-up photograph of two slices of blood orange. The slices are arranged diagonally, with the front slice in sharp focus and the back one slightly blurred. Both slices are covered in numerous clear water droplets of varying sizes. The orange segments are a deep, vibrant red-orange color. In the lower right foreground, a dark green leaf is partially visible, also covered in water droplets. The background is dark and out of focus, showing more green foliage. The overall lighting is soft, highlighting the textures of the fruit and the glistening water droplets.

A photograph of a man and a young child planting a small green seedling in a garden. The man, with dark curly hair and a beard, is wearing a mustard-colored t-shirt and is looking down at the plant. The child, also with dark curly hair, is wearing a dark blue shirt and is looking at the plant. They are both smiling. The background is a soft-focus garden with green foliage. The word "Striver" is overlaid in white, stylized text. A red Easter egg with yellow hands is also overlaid on the image.
