*During this month I continued with my main responsibility of maintaining colonies of the three most important fruit fly pest species in South African fruit industries. I was also involved in the ongoing *B. invadens* surveillance project and various fruit fly bait evaluation trials.*

Rooikie Beck – Technical Assistant

Ek was verantwoordelik vir die toesighouding oor die verwerking, behandeling en verpakking van alle okuleerhout by die Sitrus Grondvesblok.

Christopher Klaas – General Operator: Supervisor Budwood Processing: Citrus Foundation Block

I chaperoned six Citrus Academy students to The London Produce Show from 4th- 6th June, which involved a lot of logistics ensuring that everybody was at the right place at the right time. I have also been busy securing vacation work positions for our students at various farms and research institutes as well planning for the upcoming PMA Fresh Connections and the CRI Symposium.
