Activity F1 – Workplace Post-Planting Care

Answer the following questions based on the farm you are completing your work experience at:

1. When last did your farm plant young trees?

2. How were these young trees pruned? Why?

3. How are these young trees protected from the sun?

4. How regularly are suckers removed?

5. When your farm last planted trees, how many eventually needed to be replaced?

6. Why were these trees replaced? If there were no replacements, suggest two possible reasons for replacement of young trees.

7. How is pruning equipment sterilised on your farm?
