

Citrus Grower's Association - Citrus weekly reports

South Africa: 627,092 units of oranges exported in week 21

The weekly orange volumes shipped from South Africa to other African nations (and surrounding islands) stood at 14.039 15-kg cartons. Combined with the exports to Asia (13,231 units), Europe (154,951 units), the Middle East (216,002 units), North America (90,721 units) and others, this came to a week total of 627,092 units for week 21, up 4% y-o-y.
