

LAEVELD CITRUS

Potjiekos Competition and Fun Day

After a gruelling year's work, Laeveld Citrus (Pty) Ltd, treated their valued employees on 29 October 2017 to an exciting day of fun which was held at the Hlanganani Sports Grounds.

Dressed in their bright, lime green shirts, and bubbling with excitement, the honoured guests arrived to join in the festivities. The day was filled with various forms of sports with the main event listed as a Potjiekos Competition. Judges saw a cultural twist to some brews from teams comprising of farm managers and employees. After a well deliberated decision, the judges crowned Riverside farm as the coveted "Potjiekos Champions for 2017".

The rest of the day was filled with fun and sports such as an inter-farm soccer competition, for both men and women, and other individual competitions like fun-walk and cycling events. To add to the excitement, winners and runners up were decorated with gold, silver and bronze medals. This was followed by the handing over of Trophies to the overall champions for 2017 in each event.

The day allowed all employees to interact with management and directors on a social level. A well deserved "thank you" to all the participants and organisers who made this day a huge success.
