

New solar panels on the Citrusdal Community Centre

Orange Heart Initiative

Action for community transformation – Citrusdal

The CGA Citrus Summit Committee identified various charities in citrus growing regions to benefit from the Orange Heart Initiative. By Candice Burgin

In 2019, the Citrus Summit recorded surplus funds and invited directors from the different regions to nominate charities to benefit from these funds. It was agreed that the funds would be dedicated to charities involved in children and youth development.

Gerrit van der Merwe (Junior) of ALG Estates nominated Action for Community Transformation (ACT) in Citrusdal. Their main objective is to empower families/ households to thrive, whilst taking faith-based action towards co-ordinated and targeted initiatives that address the causes and consequences of deprivation and poverty in Citrusdal and on surrounding

farms. Their community centre is an ongoing project with a disabilities day care unit, a knitting project, CANSA clinic and a very successful kids' kitchen.

As part of the constant development of the centre, the Orange Heart Initiative contributed R50 000 towards a three-phase inverter, including installation and accessories.

We trust this will enhance the sustainability and long-term goals of the community centre and we wish them well for the future. 🍊

Dienste:

- * Grondnam beplan, bou en herstel
- * Bouplatforms
- * Siviele werk
- * Dreinerings
- * Ontbossing
- * Grondvoorbereiding
- * GPS Rip en Ridgewerk
- * Spitdol en Ontworteling
