Provide input on ETI usage and potential enhancements!

The Employment Tax Incentive (ETI), introduced in 2014, encourages employers to hire young, unemployed individuals under 29 by offering a PAYE tax reduction for 24 months.

While its extension to 2029 is welcome, concerns remain about outdated wage criteria and the potential to expand eligibility to include job seekers up to 40 years old.

We invite you to **participate in a brief survey** to provide input on ETI usage and potential enhancements. Your insights will help BUSA in its advocacy efforts.
