HR Newsletter No. 37 | 2 July 2024

Transformation Data

Thank you all for submitting EEA2, BEE Certificates and WSP/ATR to the Citrus Academy for use in the CGA Transformation discussions which were held on 19 June 2024. The data was so well received that a request was made to see the changes over a 5 year period.

We therefore request all nurseries, farms and packhouses to get involved and supply us with EEA2, BEE certificates and SETA Workplace Skills Plans / Annual Training Reports for the period 2019 to 2024.

Please note that this information will be aggregated for reporting purposes only, and that no information from an individual company will ever be used by us for any other purpose. We will always protect the growers and other employers in the industry, and we adhere strictly to the requirements of POPIA.

Also note that we don't need the EEA4 that contains remuneration information, we are only interested in employment numbers and training.

For more information or queries, please email Sam Louw at sam@citrusacademy.org.za.
