HR Newsletter No. 62 | 11 March 2025

Time for AgriSETA WSP/ATR 2025!

The submission due date for the Workplace Skills Plans / Annual Training Reports is **Wednesday, 30 April 2025.**

If you pay the skills development levy (SDL), you will receive **20%** of your SDL back.

When you complete the WSP/ATR, the AgriSETA gets a true picture of where your skills development spend goes and also directs their attention to your hard-to-fill vacancies and the actual citrus industry priority skills needs.

When decisions are made about where to spend SETA monies, our information will be part of those discussions.

Monitoring and Inspection for Phytosanitary Markets (MIPM)

Are your scouts and packhouse monitors and inspectors trained and certified as required by the CRI's FMS?
