HR Newsletter No. 63 | 18 March 2025

Almost time for the next HR Forum!

We are happy to announce that the next Citrus Academy HR Forum meeting will be held on **Thursday, 3 April at 10:00**.

The list of discussion topics including the latest information around **pest control operator requirements and training** will be circulated shortly. Do not miss out!

More information will be made available soon.

Citrus Academy HR Communities portal upgrade!

Citrus Academy has launched a new Citrus Communities portal on our website, with a focus both on HR Training and Staff, as well as Students.

In order for us to get the right information out to the industry HR representatives, we ask that you assist us in updating our mailing list database, so that our weekly newsletter reaches the right people at the right time.

If there have been any changes to your organisation's existing registration, for example, if there is a new HR representative, or you have new staff that might need to receive the HR Newsletters and invites to Citrus Academy HR events, please visit our website to register as a representative.
