

**Critical Equipment Logsheet**

| System     | Equipment         | Failure Severity  | Frequency of Failure | Criticality Quadrant |
|------------|-------------------|-------------------|----------------------|----------------------|
|            |                   | High, Medium, Low | High, Medium, Low    | Quadrant 1-4         |
| Irrigation | Main Pump         | High              | Low                  | Quadrant 1           |
|            | Filtration system | High              | Low                  | Quadrant 1           |
|            | Main water lines  | Medium            | Low                  | Quadrant 2           |
|            |                   |                   |                      |                      |
| Harvesting | Tractor           | Medium            | Medium               | Quadrant 2           |
|            | Trailer           | Low               | Low                  | Quadrant 3           |
|            |                   |                   |                      |                      |
|            |                   |                   |                      |                      |
|            |                   |                   |                      |                      |
|            |                   |                   |                      |                      |
|            |                   |                   |                      |                      |
|            |                   |                   |                      |                      |
|            |                   |                   |                      |                      |
|            |                   |                   |                      |                      |
|            |                   |                   |                      |                      |
